K-Block 45

K-Block 45

- versatile spacer block with functional details

- 45 x 80 mm
- Carrying capacity of 2 tonnes
- Delivered in strong bags and can be retained outside
- Countersunk screw holes
- Grip pins ensure stable stacking
- The gripping pins are easily removed with a hammer or a hobby knife

K-Block 45 are used for fast and precise leveling of, for example, roof trusses, doors and windows. K-Block 45 can be assembled to exactly the desired thickness and small studs and holes ensure that they do not slide sideways. K-Blocks 45 have a modest weight and are easy to place.

With a carrying capacity of 2,000 kg and a width of 45 mm, the spacer blocks are suitable for a variety of different jobs.

	H	W	L	Pcs / Bag / Pallet			Item no.
